# Job Build

The Solution for Perfect Document Printouts

Combines multiple documents  
& print settings into a single job

**e-STUDIO**

## e-BRIDGE Job Build Lets You Print Multiple Documents As A Single Set

Toshiba's e-BRIDGE Job Build expands the capabilities of your Toshiba e-STUDIO Multifunction Peripheral by allowing it to combine multiple documents of various file types, paper types, and document settings, into a single print job. Print multiple copies of each set quickly and easily. Reduce costs by switching between color and black-and-white printing within the same job. Eliminates time-consuming sorting and hand collating.

### Simple, Flexible, Saves Time and Money

- e-BRIDGE Job Build is simple - giving you total control over your print job.
- e-BRIDGE Job Build is flexible - you can switch back and forth between monochrome and color, simplex and duplex, or various paper sizes within a job.
- Save time and money by simplifying the task that users face when combining documents from sources such as PDF, Excel or Word files in a single job.
- No more tedious sorting and compilation of individual document pages.
- No training is required.

### The advantages are clear

- With e-BRIDGE Job Build you expand the functionality of your e-STUDIO MFPs.
- It offers a wide range of options for designing and producing documents.
- e-BRIDGE Job Build will increase the speed and impact of your business communications.
- e-BRIDGE Job Build makes life easier for your employees - the entire document can be printed on one MFP without the need to sort and compile the various parts of the document.

### e-BRIDGE Job Build is ideal for:

- Education – Combine all of the documents required for an assignment into a single print job and print as many collated sets as you need.
- Government – Group documents, publications, lists, instruction sheets and forms together to quickly print all needed documents for a specific task. Switch paper sources on-the-fly to easily print color-coded multipart forms.
- Church/Faith – Merge newsletters, bulletins, forms, or publications together and distribute them as pre-collated sets.
- Associations & Organisation – Batch print notices, meeting minutes, membership lists, etc. for distribution among chapters.
- Finance – Easily organise volume printing for departmental distribution switch between full colour and economical Black-and-White within the same print job.
- Corporate – Create colour, merge, or group documents for presentations, employees, and departments.
