Improving overall call quality, the AI Noise Reduction isolates and filters out background noises at near and far ends of calls to ensure participants can be heard clearly and effortlessly.

Even Greater Productivity and Efficiency

With more efficient hardware, including new 13th Gen Intel® Core™ processors, the Portégé X40-K comes with a 53Wh battery, delivering hours of unplugged performance for unhindered productivity on the go. When not in use, Sleep & Charge technology keeps a USB port powered, allowing the laptop to charge a smartphone and other accessories.
